

Monday 1<sup>st</sup> June 2020

Dear KS2 Children,

For one of your Home Learning Tasks for the next few weeks, we would love you to take part in the 'Design a Computer Game Competition' on Purple Mash. As well as it being great fun, there is a chance for our School to win a one-year free license to Purple Mash and there are individual prizes, such as Amazon vouchers for children too.

All entries must be uploaded to the Purple Mash display board by **Thursday 25<sup>th</sup> June**.

For safety purposes it is important to highlight the following from Purple Mash -

*"The Display Boards will be visible to the public, so it's important not to include personal information in your entries. Don't use names or other personal information as part of the designs. Any submissions that include personal information won't be accepted or displayed on the board. The only information visible on the board will be the school name.*

*The Display Boards will be visible for the duration of the competition. However, children's work will not become visible until it has been approved by our team. Depending on the number of submissions we receive, this may take some time, but we will work through them as quickly as possible. Please bear with us.*

*Once we have received your entry, we may use this for promotion of the competition on social media. Please email [marketing@2simple.com](mailto:marketing@2simple.com) if you do not want your entry shared with a wider audience. Our judging panel, made up of staff from 2Simple will be choosing winners and runners up, with winners announced on 10th July. We will then contact you in order to get your prizes sent."*

The full details can be found on the Purple Mash platform and in the attached information. You may also find the tutorial link below useful.

Please ask your parents/carers to take pictures and create short videos of your work and tweet them to us on [@StBernadetteSch](https://twitter.com/StBernadetteSch) and include [@purplemash](https://twitter.com/purplemash).

This is an exciting opportunity for us, and it would be good if work can be shared and celebrated amongst the School Community and beyond. If you do not have Twitter, then please email me the pictures/videos to [admin@stbernadette.herts.sch.uk](mailto:admin@stbernadette.herts.sch.uk) and I will tweet them on behalf of you.

If you have any questions, please send me an email to the email address above.

Best wishes,

**Mr Conoboy**  
Computing Leader
