

My Money, Your Money

Discuss the following questions about money with your parent:

- What words do we use when we talk about money?
- What kinds of money do we have? e.g. coins/notes
- How do we get money? e.g. working, earning it, pensions, savings
- Do you get pocket money?
- Do you prefer to save/spend your pocket money?
- What do you spend money on?
- What do your parents spend money on?

After this discussion, draw two pictures:

1. What do you spend your money on?
2. What do your parents spend their money on?
